RE: Labor / Management Meeting

Our Union leadership, including CSEA Executive Director Bob Rinker, recently held a Labor / Management meeting with the Branch. Bob Coffey, along with members from Human Resources and Court Operations, represented the Branch. The purpose of this meeting was to discuss the Union's concerns regarding safety and staffing issues.

The Branch has offered to sit down with the Union to discuss their staffing plans at each District. Before we meet again, we are turning to you, our members and front-line supervisors, for your help in compiling a list of our concerns.

Please send an email to me at the Union that outlines any safety or staffing issues you feel are important and need to be addressed at your worksite. These issues might range from staffing levels, to unsafe conditions you feel exist in your courthouse, or general workplace issues. Please be as specific as possible, noting times, days and shifts, so we can have precise information to compile and present.

The Union is committed to addressing the very real staffing and safety issues faced by our members each day. I look forward to hearing from each of you in order to best present all our concerns to management.
