I Support Local School Bus Services in Preston

Petition Opposing Outsourcing Student Transportation Services

We the undersigned are committed to safe and reliable school bus services for the children in Preston, which requires local oversight by district officials. We believe it is irresponsible for the Board of Education (BOE) to hand over the health and safety of our children or send scarce education resources to outside companies. We urge the BOE to hold a public hearing before taking any vote on outsourcing Preston's school bus services to a private, for-profit transportation company.
