

Save the Lunch Ladies!

The Windham Board of Education is considering outsourcing school cafeteria services to Sodexo, a private, for-profit vendor. Not only will outsourcing eliminate good jobs in our town, it will send our tax dollars to France, where Sodexo is based.

Private food service contractors like Sodexo often cut corners in food quality, nutrition, and service to squeeze profits out of the meals they serve.

Windham's cafeteria workers are willing to be part of a comprehensive solution. But the Board of Education is pushing this outsourcing scheme without exploring all options for achieving cost-savings.

***Tell the Board of Ed to
Vote NO on Outsourcing!***
