Our P-4 Council Resources

Elected Officers

Our leaders represent a wide variety of engineers, scientific experts, and technical professionals working for the State of Connecticut.

Stephen Anderson
President/Steward

Council Chapters

Most of our P-4 Council Chapters are organized by State agency or worksite to unite co-workers together for strength in the workplace. For some of the larger agencies, we have organized membership into multiple chapters by related job classification.

Council Committees

We have a variety of Committees whose appointed members focus on how we can build power to strengthen our economic security and improve working conditions for State public service employees.

Council Meetings

We meet the first Thursday of the month at our CSEA/SEIU Local 2001 Hall in Hartford, located at 760 Capitol Ave. An online map is available at our website at the "Contact Staff" page linked to the top of the home page.

Council Web Page:

A variety of useful resources and tools are available online for rank-and-file members, as well as Stewards and Council leaders. Read our Council's [By-Laws](#), access many documents downloadable format, such as our current contract, pay plans, and "Grievance" forms. Visit our P-4 Council page, which can be accessed from the "State Workers" link.

Union Staff Representatives

Our Union Staff Representatives provide Chapter and Council Leadership with the information, tools, resources and backup necessary to handle grievances and other issues. Their assignments are noted by agency and worksite, for members working at the Department of Transportation (DOT).
