

Attention Middlebury Residents

1. Should Middlebury Taxpayers pay 1.4 Million or 2.7 Million?

Vote No - Force it back to negotiations for the lower price.

2. Do Tait Radio Systems provided by Marcus provide 95%+ coverage for the Town of Middlebury.

Yes.

3. Why were four sites provided to Tait distributor Marcus and five sites were provided to Motorola distributor Northeast Communications?

Yes - Marcus had not been provided with 5th site Timex, while Northeast had been informed on 5th site.

4. With the 5th site Timex later made available to Marcus. How much coverage is provided?

Tait now could provide 98%+ coverage.

5. Did Oliver Consulting ever meet or call Marcus with any questions?

No - Why not for \$1 million difference ??\$\$

6. Tait communicates to Motorola?

Yes - Tait system can communicate to current Fire Dept's Motorola system just like a Verizon cell phone does to a Sprint cell phone.

7. Will Motorola's 2.7 million radio system quoted to Police Dept be obsolete in 2012?

Yes.

8. Does Tait have newer technology than Motorola?

Yes.

9. Are other Towns using or installing Tait Radio Systems?

Yes - CT Homeland Security, Meriden PD, Weston PD, Northeast Utilities, Manchester 8th Utilities F. D, Manchester FD, Darien Fire Dept, Augusta Maine, California Highway Patrol, Weymouth MA Fire, Weymouth MA Police, Mohegan Sun, the State of New Mexico, and CT. Dept of Corrections.

10. Why is Meriden buying 5 sites, 2 channels, 100 mobile radios, 163 Portables, and 6 position console for 1.9 Million if Middlebury is being sold a smaller system for 2.7 million?

Meriden found the Tait and Marcus Difference - Affordability, Reliability and Trust.

11. Could a Tait system have the Police Share the High Band system of the Fire Department to gain coverage and interoperability while this is re-examined to save costs?

Yes.

12. Oliver Consulting stated the Motorola portables have a life expectancy of 5 years. What about Tait?

Tait provides 15 years of life expectancy.
